HOLIDAY HOMEWORK - CLASS IV

ENGLISH

1. Draw a picture story of your favourite story
2. Write a book review.
 - Read some book reviews pick out the main elements, which should include:
 - The book's title and author
 - A brief summary of the plot that doesn't give away too much
 - Comments on the book's strengths and weaknesses
 - The reviewer's personal response to the book with specific examples to support praise or criticism
 - You must outline the book review before writing, using one paragraph for each point you want to make about the book.
 - Some ideas for you to keep in mind while writing the review:
 - Does the book fit into a genre, like mystery or romance, and why?
 - When and where does the action in the book take place? Does the author do a good job of making you feel like you are there? How?
 - Are the main characters believable? Do you know anyone like them? Does the author adequately describe them?
 - What do you like or dislike about the author's writing style? That is, do you like the way the author uses words?

- Use concrete examples to back up your points, such as describing a scene that really moved you or using a couple of short quotes from the book.
 - Don't forget to include your opinion of the book, whether you liked or disliked it.
-
- Do some background research on the author? Sources might include the author's personal website, the website for the book's publisher, or biographies of the author. Learning information about the author and knowing what other books he or she may have written can add context to a review
