

Dear Parents

Greetings from the École Family.....!!!

"Learning is the only thing the mind never exhausts, never fears and never regrets..." **Leonardo da Vinci**

Once again, it's time to welcome your little princess home...!!!

We know how excited you must be, looking forward to spending some quality time with her. However, as you know, final exams are practically around the corner, too. Keeping this in mind, we have planned for them to spend some of their vacation time preparing for their finals.

Appreciating the sanctity of long breaks for residential students, we have done everything to ensure that the holiday homework designed for them is full of interesting activities which will fit seamlessly into their holiday schedule.

The Holiday Homework for French, thus, has a component of movies especially selected for young learners so that they can learn the language better through listening and viewing real situations of language use, and some learning by doing activities like research and chart paper work. There is also a bit of grammar, but...that **can** be fun too!

As always, we look forward to your support and collaboration. Have a wonderful vacation and a fantastic New Year 2018 !

Naveen Sharma
